Supervised Visitation Contract for Visiting Parent

I have made full disclosure to Wishing Well in regards to the need for supervised visitation in this case.

I agree to make payment in full for each visitation before the visit begins. I understand that no payments are refundable. Visitation and related fees are \$50 per hour. Related fees are incurred when the supervisor works on the case outside visitation hours, such as conferences, reviewing and preparing documents, etc. I will pay any expenses for the supervisor at the visitation site.

I agree to begin and end the visitation on time. I understand that I may not begin to visit with my children without the supervisor present. I understand that I may only cancel a visit due to emergency. All other visits will be rescheduled within the week.

I understand that the supervisor will not transport or care for my child. The supervisor will remain with the child(ren) throughout the visitation and I will not make any attempt to separate them.

I agree to follow the court order during my visitation, and follow any instruction provided to me by the supervisor during the visit, to include ending the visit if deemed necessary by the supervisor.

Any additional visitors must be approved in advance and will be subject to all visitation rules. No disparaging remarks will be made about the child's other parent during the visit.

I understand that the supervisor can provide a court report for \$150. The report may include observations and opinions concerning visitation or interactions with the family. Any party to the case can request a report. I understand that the supervisor may share information about visitation with any party with an interest in the case.

I will pay \$500 per subpoena at the time of subpoena regardless of who initiates the subpoena for a court appearance required by a representative of Wishing Well. This fee includes court report and delivery, trial preparation and phone conferences with attorneys, travel time, and waiting time.

Signature of Parent _____ Date _____

Print Name _____

No recording of any kind is allowed during any part of visitation or managing visitation.
